PROFESSIONAL SUMMARY

Final-semester Information Systems student with a strong foundation in software and database development. Completed a Web Development internship at the Ministry of Social Development, complementing 4+ years of operational leadership at Bapco Tazweed. Eager to leverage technical and problem-solving skills in dynamic IT roles.

CORE COMPETENCIES

- Technical Skills: Database Management, SQL, Oracle APEX, PL/SQL, C#, Java, Full Stack Web Development, HTML/CSS/JavaScript, System Administration, Information Security, Data Analysis, and AI Tools Integration.

- Soft Skills & Administrative Expertise: Shift Management, Financial Auditing & Reconciliations, Team Leadership & Mentorship, Problem Solving, Operational Safety Compliance, Administrative Documentation, and Working Under Pressure.

EXPERIENCE

Full Stack Web Developer Intern. **Jun 2026 - Aug 2026**

Ministry of Social Development

- Developed a full-stack backend application using **FastAPI** to process, validate, and manage official financial report.
-Implemented strict data validation models and automated calculation logic for multi-column financial figures, totals, and currency formatting.
- Integrated JSON-based persistent storage (data.json) to securely save, load, and fallback report datasets.
- Utilized Jinja2 templates dynamically render backend data into structured, professional HTML financial documents matching official layouts.

Senior Forecourt Attendant “Shift Supervisor”. **Dec 2021- May 2026**

Bapco Tazweed

- Directed daily shift operations, team workflows, and strict HSE safety compliance.
- Conducted financial audits, balanced sales, and resolved cash discrepancies accurately.
- Managed administrative logs, shift reports, and supervised fuel tanker deliveries.

EDUCATION

Sep-2020 - present

University of Bahrain — Sakheer, Bahrain

Bachelor of Science in Information Systems

-Relevant Coursework: Database Systems, System Analysis & Design, Web Development, Programming,Information Security, Project Management.

ACADEMIC PROJECTS

-Skills Gap Analyzer: AI-powered CV analysis app developed with FlutterFlow and Firebase.
-Smart Recycling System: Database management system utilizing Oracle APEX and SQL.
-User Management App: Dynamic registration and directory interface (HTML, CSS, JS).
